FIFTEEN CENTS

Sequoits To Open Football Season

ANTIOCH HIGH'S FOOTBALL COACH, Roy Nelson, talked to his team after last Saturday's full-scale intrasquad game. The Sequoits would like to improve on their stunning 7-2 record of

last year and will get their first chance for a 1976 victory when they play Dundee Friday night, at Spain Field, just north of West Dundee.

Invade Dundee Friday

The 1976 Antioch High School football players, who have a lot of talent and a great desire to be champions, open their season Friday night against the Dundee Cardinals.

The Cardinals don't know how to spell, but maybe they know how to play football.

The Antioch camp isn't certain. The Cardinals have moved from the bigger North Suburban Conference to the Northwest Suburban, and will be out to impress teams such as Antioch.

But those who have watched the 1976 Sequoits in practice feel they won't be easily impressed.

This bicentennial year Antioch team is composed of some of the players who surprised the league last year by finishing with a 7-2 record. It also includes juniors who have joined the varsity after going undefeated in nine games as sophomores last year.

That definitely sounds like a Sequoit team with championship possibilities.

FRIDAY NIGHT'S opener at Dundee will start between 7:30

Please turn to page 17.

Trap Shooters Vie Sunday in Lions Club Event

There is going to be another "Lion Safari" in Antioch on Sunday, the third annual shoot sponsored by the Antioch Lions Club.

Shotguns will be the firearms used, and the quarry will be clay pigeons, the breaking of which will reward the lucky gunners with ready-to-pop-into-the-cooker turkeys, ducks, and also young chickens and beef patties. In other words, a trap shooter's dream.

SHOOTING WILL begin at 9 a.m. and continue until everything has been won or darkness descends upon the scene at the

trap range of the Conservation Club (NICC), three miles west of Antioch on Route 173.

THERE WILL be one, two, three and five White Bird shoots, High-low events, and High-Gun-take-all contests, so that every class of shooter, be he or she good, mediocre, or the plain every day "can't hit the ground with his hat" variety, will have an equal chance of winning a share of the prizes.

Five-man squads will fire from five different positions. In the high-low event, the gunner with the most hits will win a prize, as will the hapless 'Hal' with the least hits.

In the White Bird contests, the high gun wins a prize, as do all the lucky Louies who bag a white bird. Missed white targets are thrown again until they are hit. Regular trap targets are black with a yellow or orange dome.

able merchandise prizes, and they too will be shot for.

Hot food and drinks will be served on the grounds all day long.

Watchers and kibitzers are

Burglar Gets \$1,500 Worth Of Jewelry

Nine pieces of jewelry, valued at a total of about \$1,500, was taken last Thursday in a burglary at the General Store, 891 Main St. in Antioch.

Owner Doug Olson told police that the store was secure at 10:15 the previous night. When he arrived at 10 a.m. on Thursday he found that someone had broken into a window, 14-feet above an alley adjoining the store.

Some change was taken from

welcome to come out and look, or heckle the shooters, as their fancy dictates.

William E. Brook and Dave Bushing are in charge of the event.

Contestants can enter at the range on Sunday.

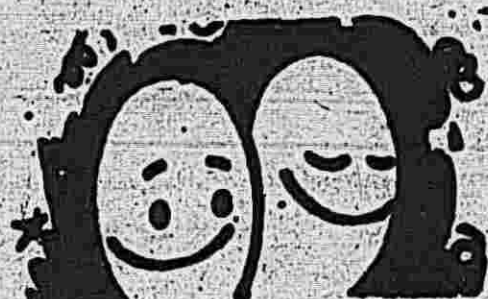

Three traps are available and there should be no waiting to shoot.

the cash register, according to the police report, and the valuable Indian jewelry was removed from a display in the front window.

Rotary Club's Big Event Is Coming Up

The Antioch Rotary Club's big event is only 17 days away.

The Country Bar-B-Q and Dance at St. Peter's Social Center is scheduled Saturday night, Sept. 25.

A flea market and auction will be held from 7 to 9 p.m.

Food will be served from 6 to 9 p.m. and there will be music

and dancing till midnight or later.

Tickets are being sold by Rotary Club members for \$7.50 a person.

They also are available at the Antioch News.

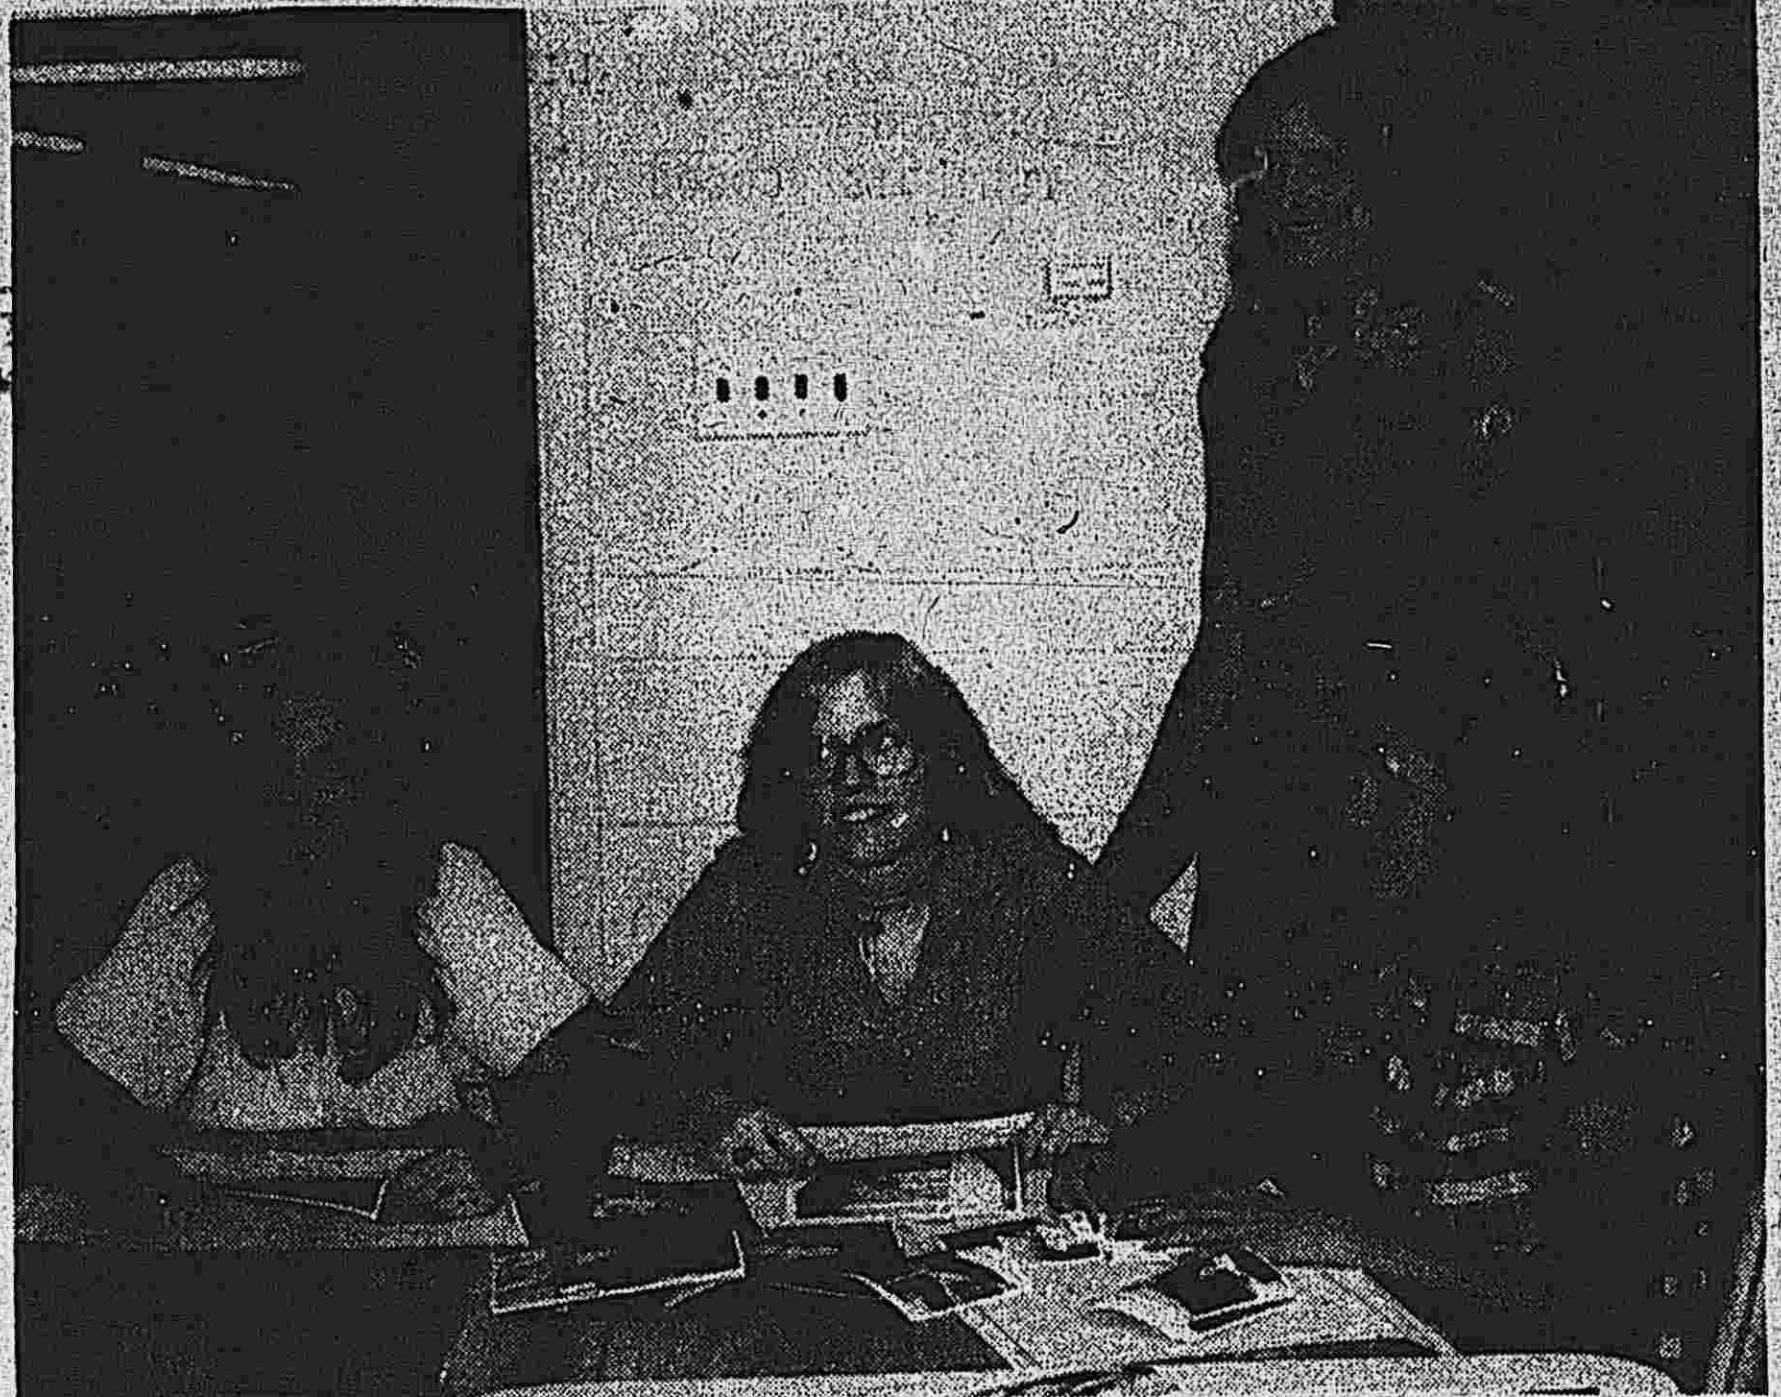

Proceeds from the event will be used by the Rotary Club to benefit the Antioch community.

The Antioch Bicentennial Commission

wishes to thank everyone who contributed to the success of the

Colonial Capers '76 Production.

WIN YEARBOOK HONORS - Early in August, four students made Antioch High School a victorious participant in the yearbook workshop sponsored by Josten's American Yearbook Company. Out of 240 entries in the artistic and layout competition, three Antioch students placed within the top 10 for awards. Seated from left to right are: Cathy Tanner, Diane Walsh and Renee Wolf. Standing is their advisor, Mrs. Joyce Heneberry. Carl Bryn also attended the workshop. The 1976-77 yearbook will be on sale soon in the high school commons. (Paul Maplethorpe photo.)

Bicentennial Commission Works Toward Saw Mill

By HANK APOSTAL

Three cheers for the ticket committee of Warren Polley, Gus Costoff and Terry Folbrick and their workers, who almost filled the Antioch High School Auditorium on Saturdays, Aug. 21 and 28, for the Bicentennial Commission's musical spoof, "Colonial Capers '76."

All the money from ticket sales will be aiding the saw mill replica construction on Sequoit Creek.

TWO CHEERS for the authors, Al Bucar and "Doc" J.W. Kopriva, who untiringly supervised the production from beginning to end ... adding here ... subtracting there, until Frank Johnson and Joe Hunley shaved off their moustaches. That's show biz!

One cheer for each cast and crew member of "Colonial Capers," who put a lot of time and effort into a memorable show.

THE \$1,000 American Revolution Bicentennial Administration and the Illinois Bicentennial Commission grant has been received and deposited into the sawmill reconstruction account.

The "Mill Committee" met to finalize construction details. Cost estimates for the saw mill now total \$14,662.

Our grateful thanks to C.B. Olson, who donated his change from \$100 to the Bicentennial Commission, after purchasing a Pickard plate from the Lions Club.

Excavating for the mill pond will have to be accomplished by a terracing method, due to the

depth of the excavation, according to reports from Murrill Cunningham, who is to do the job.

A saw blade has been found in Shawano, Wis. and has been purchased. The mill wheel will be constructed by the construction crew headed by Village Supt. of Public Works Walt Sheppard.

Although the commission's work is winding down, the "Bicentennial Era" will not end until Dec. 3, on the 158th anniversary of Illinois statehood.

Braking Hindered By Platform Shoes

Platform shoes increase the distance it takes to brake your car to a stop, according to a study at the University of Missouri.

Two test sessions were conducted, one in which 17 participants wore platform shoes and another in which normal shoes were worn.

Although all were accustomed to both types of shoes, their brake response time wearing platforms was .91 second, against .81 second with regular footwear, representing an increased stopping distance of 1.42 feet for each 10 miles per hour of speed.

Truck Driver Badly Burned

An 18-year-old Palatine truck driver was badly burned in Antioch last Thursday afternoon.

The Antioch Rescue Squad and police were called to the scene and the young man, Robert Kirp, was rushed to Victory Memorial Hospital in Waukegan. Later, he was taken to the burn unit at Evanston Hospital.

Witnesses told police that Kirp was driving his truck on McMillen Rd., into the Antioch industrial park. The truck had a 20-foot boom extending above it and the boom struck wires from a power pole.

Sparks flew, the witnesses said, and Kirp got out of the truck, swinging down by holding the rear view mirror. He apparently suffered electrical shock and began to burn, falling to the ground.

Borrowed Energy

With our energy supplies decreasing increasingly, it will probably be good news to many that scientists have found a way to get some fuels to do double work.

AMERICAN SCIENTISTS have found ways to derive energy from unusual sources these days.

First, things like petroleum, wood fibers and various chemicals are used to create useful packaging for protecting the food we eat and other things we need.

Then, after the material is no longer needed as packaging, it is discarded and set to its second task: creating energy.

Communities of all sizes are setting up resource recovery systems all over the country. These systems turn packages back into fuel.

They work by isolating recoverable and recyclable materials in refuse and then using the rest—about 50 percent, including the packaging material—as a boiler fuel to generate electric power.

Therefore, much of the fuel used to create packaging is not lost as an energy source. Instead, it's merely borrowed and then used to create energy, which might make people say: more power to it!

The Town Crier

THE ANTIOCH Rotary Club's exchange student is here from France. You probably saw Jean-Marie Palu's picture in last week's Antioch News. He is presently staying at the home of Bud and Dorothy Scichowski.

We're sure it's worth mentioning that, in case this fine young man needs medical, dental or pharmaceutical assistance, it is being offered free of charge by Dr. James Kopriva, Dr. Bob Sven and Bill Mendrala of Antioch Drugs.

Dr. Sven recently introduced himself to our new school teachers, at a Rotary luncheon, as "Antioch's painless dentist."

"He's painless," said Stew Olson, "until you get the bill."

AS FAR AS we know, Antioch Grade School District 34 is still looking for a business manager to replace Sam Kohr, who will retire Jan. 1.

The district thought it had the right man, but he didn't want to move from his Chicago suburban location. We notice that on Aug. 26, at its board meeting, the school board decided the

Please turn to page 5

BARRY GOLDWATER

Rome Collapsed, and It Can Happen Here

By SEN. BARRY GOLDWATER

We normally think of power as the nation's ability to get things done both at home and abroad. But when power is distorted and the nation's ability to accomplish things extends to taking from the individual his right to use his own ability to obtain the things he desires and would benefit by, that is something else.

It has taken the United States many years to get into a position where its power so absolutely dominates so many factors of our lives; curtailing that power is not going to be an overnight venture.

As matters stand now, we are in about the same position as was Rome before she collapsed, in the same position that Babylon and ancient Greece and the modern countries of Europe found themselves before the freedoms of the people and the powers of the countries disappeared. Some people, in fact too many, go blithely on their way thinking it can't happen here.

ALL THE WAY from Valley Forge through the bitterness of the War between the States, through the terrors of World Wars I and II, Korea, and Vietnam, our men have added to the glory of the flag and to the perpetuation and protection of our freedom.

The colonists, the pioneers

who opened up our frontiers, the men and women who tilled the soil, and those who created our cities - all these were people who cherished that hard-won freedom and consequently re-

sisted any offers of so-called government help that would chip away at it. Instead, they depended on their own hard work and personal initiative to make what they wanted of their lives.

THIS IS the kind of glory that built our nation. It is the kind of glory on which we prided ourselves and through which we became mighty throughout the entire world. But despite the triumph of the people over power in the past, the present curses and threats to freedom will not automatically pass. Once men have felt the strength of power they are not likely to give it up voluntarily.

It will, I repeat, have to be taken away from them and

Editor's Note

This is the final column written by Sen. Barry Goldwater for the Los Angeles Times Syndicate and the Antioch News. The senator said that "due to an ever-increasing workload, it is impossible to maintain the business of a weekly column." It is with regret that we terminate his column, because so many of our readers have complimented us on its presence. We are looking for a suitable replacement.

placed back where it was supposed to reside, and this will happen only when the American people find the courage to elect Congresses that don't hold out glittering promises which, when implemented, simply increase the concentration of bureaucratic power and entangle the people in an even tighter web of

Please turn to page 6

Along the way with ANNIE MAE

Okay, all you horoscope enthusiasts, this is Virgo time.

If a person was born between Aug. 24 and Sept. 23, the astrology people tell us:

"They are socially as well as intellectually orientated. They have a distinctive knack for presenting hard facts in a pleasant manner. Their poise and social instincts never fail. They are geniuses at mixing business with pleasure. Their common sense and charm

command both admiration and respect."

Famous Virgoans include Lauren Bacall, Anne Bancroft, Ray Charles, Sean Connery, Peter Falk, Greta Garbo, Elliott Gould, Sophia Loren and Raquel Welch.

Need we say more?

Yes, we must mention some of our Virgo friends and wish them a happy birthday. And tell them we're a little bit jealous because we were born under different signs and don't have all those fantastic Virgo qualities.

FOR EXAMPLE, some of those who celebrated birthdays last week were Dick Daniel, Mike Haley, Bill Brook, Irv Carey, Dick Stroner and Brad Ipsen.

Michelle Blanchette is having a Virgo birthday today, and Ann Pfarr will be 15 on Saturday. Sandra Herbst celebrates her birthday next Tuesday, Sept. 14, and Bill Barr has a birthday coming up on Sept. 17.

See, all wonderful people.

GOODNESS, GRACIOUS. aren't there a lot of shopping

guides being thrown away and littering our streets?

Besides seeing these unread and stepped-upon publications in the downtown area, we happened to be riding around Antioch township last week and saw them lying on lawns and under mailboxes, just cluttering up the area.

We're sure glad the Antioch News is delivered by our mailmen, and put into the mailboxes where they belong.

Patty and Art Brandenburg, formerly from Lake Catherine, now residing in Fort Myers, Florida, spent two weeks in Antioch visiting their son Roger and Jenny and Casey Lenczewski. They enjoyed visiting their many friends and said Antioch hadn't changed a bit.

WE'RE SORRY to hear that Jim Means and his family have sold the Norshore Resort and might be leaving Antioch. They certainly are super people and made that day-and-nightclub an extremely popular place. Their personalities had a lot to do with their success.

The new owner, Earl Blanchette, is a friend of ours, too, and we know Earl will continue to make the Norshore a very popular spot.

DID YOU see that big, color photo in the Aug. 30 issue of Time magazine?

And right there in the center of the picture was Antioch's mayor, at the Republican national convention, dressed as Abraham Lincoln!

TRAGEDY STRUCK Antioch's postal service last week when Ron Rock, it's finest carrier," and those are his words, stepped on a nail in the line of duty.

Tragedy also struck the State Bank of Antioch women's softball team when its first baseman, Sheila Linker, suffered a seriously-injured finger because of a darned line drive in the all-star game at Dug-Out Park.

Not many softball or baseball teams have first base-persons as pretty as Sheila, and we don't like to see them hurt. Watch it, you vicious batters!

"Moonstone" pattern highball and old-fashioned glass perk up tablesetting.

To make your gift-giving sparkle, it's smart to choose a present that shines all year 'round. That's why more and more people are selecting glassware for the woman in their lives.

Why?

Glassware is both pretty and practical. It perks up a tablesetting and bright colors add a festive note to every meal.

A newspaper dedicated to people marching to their own drummers.

Special Election Needs Voter Turnout

A special election will be held next Tuesday, Sept. 14, and it is very important that residents of Antioch and Lake Villa townships get out and vote.

The election is a primary to select the Republican and Democratic contenders for a county board seat in the Nov. 2 general election.

THERE ARE THREE Republican candidates in next Tuesday's contest. They are Joseph Tobolik of the Spring Grove area, Gary Richter, who is Antioch's precinct 5 Republican committeeman, and Fred Popp, the Lake Villa township clerk.

The Democratic candidates are Harold Kaiser, Jean Montrimas, Richard Anderson and Anthony Marsala.

The election became necessary when Ronald Coles was removed from office following conviction in federal court on charges of extortion.

Obviously, we want a good man or woman representing the six-township area of County Board District 4. Voters will be going to the polls in Antioch, Lake Villa, Grant, Avon, Fremont and Wauconda. People will vote at their regular polling places between 6 a.m. and 6 p.m.

OF THE SEVEN candidates, we give our endorsement to Mr. Tobolik. He is young (41), honest and would work very hard if elected to the job. He also has excellent educational qualifications and has served effectively in administrative capacities.

Tobolik is against additional taxation and closed door meetings.

He is a home owner in Antioch township and has five children. He has a bachelor of science degree from George Williams College and certification as a YMCA professional.

Tobolik has spent 20 years serving people of all ages, ethnic groups and economic levels. He has had fiscal management of a million dollar budget and has been supervisor of 75 people. He has earned the highest honors as a YMCA leader.

ABOVE ALL, Joe Tobolik impresses us as a man who is sensitive to people's needs.

It is too late to register for the special election next Tuesday. But if you are registered, please go out and vote.

If you aren't registered, you can participate in the Nov. 2 election by signing up at the Antioch township hall between Sept. 16 and Oct. 4.

FOR OUR WISCONSIN READERS

Sonquist for Sheriff

We have known Gerald M. Sonquist since he was a young man.

He is now a Democratic candidate for sheriff of Kenosha county.

The primary election is next Tuesday, Sept. 14, and we urge that you go to the polls and vote for him.

He is an outstanding man and police officer. We feel he would be the finest sheriff that Kenosha county has had in years.

He has been a member of the sheriff's department for 27 years and its chief deputy for the past 10 years. That means Jerry Sonquist has been the department's chief administrator.

He is not only an outstanding police officer; he is a man of integrity and a man with a warm, understanding heart. We know this, because he has been our friend for many years.

Because he is an excellent law enforcement officer, he will be totally firm, yet fair, in giving quality law enforcement to Kenosha county.

We give Jerry Sonquist our total endorsement. We hope the voters recognize the importance of having a man such as this as Kenosha county's sheriff.

FOR GOLFERS ONLY

Antioch Open, Good Start

Several months ago, when we decided to stage the first annual Antioch Open Men's golf championship, Mike Haley of the tournament committee said with a knowing smile:

"I can save us a lot of trouble. We can have the championship trophy engraved right now, with

Please turn to page 6

Town Crier

Continued from page 4

new business manager must live within the district, if at all possible, or move within 15 miles of the Antioch Upper Grade School.

We also see that the grade school board finished its Aug. 26 meeting at 1:40 a.m. on Aug. 27. That sounds like dedication.

UNFORTUNATELY, Barry Goldwater has decided to discontinue writing his weekly newspaper column. So the Goldwater article that appears in today's Antioch News is the last one we can offer our readers.

We are looking for a suitable replacement.

If the American voters hadn't been so stupid as to give Lyndon Johnson a landslide victory over Goldwater in 1964, the course of history might have been changed.

If you didn't read Goldwater's reflections on that loss of 12 years ago, we must share them with you. They appeared in Sunday's "Family Weekly" magazine and, in part, here they are:

"I have no bitter memories of my presidential race. But I still believe that if President Johnson had been willing to tell Americans the truth, particularly on the Vietnam War, he would have made a far better

Defends Ms. Geo-Karis

Dear Editor:

Regarding recent articles printed in a well-known area newspaper concerning State Rep. Ronald E. Griesheimer's complaint against State Rep. Adeline J. Geo-Karis of tampering with the vote in the records, I would like to give my opinion.

I have the privilege of working part-time for Ms. Geo-Karis, and I can truthfully say there is no other politician alive who is more honest and trustworthy than Ms. Geo-Karis.

It is a shame Mr. Griesheimer is so jealous of her political popularity that he has to resort

to such "dirty tactics," especially right before an election. Unfortunately for Mr. Griesheimer, Ms. Geo-Karis will not lose any votes as a result of his unfounded and untruthful accusations - but he will probably lose quite a few for himself!

In closing, I would like to say that it is an honor and privilege to be working for such a scrupulous state representative, and I feel very fortunate that I am not in the employment of such a mud-slinger as Mr. Griesheimer.

Sincerely,
Mrs. Gigi Spittle
1017 Bishop St.
Antioch

Open Letter To Sheriff

To Sheriff E.J. LaMagdeleine:

As you know, we out here in Petite Lake Highlands, Lake Villa, have had a very active Neighborhood Watch Program.

Sgt. Leo Carvis suggested such a program last November while speaking to our Ladies Club on Crime prevention. These past nine months have been quite an experience for all of us.

Naturally we were thrilled with the recent addition of a Crime Prevention Bureau within the sheriff's department, for we believe the Neighborhood Watch Program should be developed in every community in Lake County.

If you will check back several months to the detailed police report we send in and compare it with the one enclosed, you will see our Watch Program is working. People are not afraid to speak out or call the police

any longer.

Our beach was a sore spot in the summer especially late at night - now, no problems. Teens walked the streets late at night waking people, etc. - now, no problems. Cars from outside the subdivision roamed late at night. Now they are being spotted, watched and eliminated. License numbers are being taken.

We have asked everyone to become a "Nosey Neighbor" for there is no way a burglar can escape a watchful eye. You can't get rid of crime 100 percent but with everyone's help it can be kept to a minimum.

Our parents here have to be commended for being so cooperative and in turn we can see their youngsters co-operating too.

I believe what has happened

is a wonderful awakening which has given each of us a more respectful attitude toward one another. Through our newsletter, which we put out every three months, we are expanding our message to one of community pride. It's so good to see so many people working together.

Sgt. Carvis and Steve Townsend are doing an excellent job bringing to the people that which is so badly needed today. We the public who need this service can only see good things through Neighborhood Watch and a Crime Prevention Program. The police officers, in spite of the territory they cover, do a great job responding to calls. Needless to say the cooperation from all departments has to be a contributing factor in a successful Neighborhood Watch Program.

Our sincere hope is that neither politics nor personal differences ever interfere with the growth and expansion that has been offered to us through your Crime Prevention Bureau. All Lake County residents should have the opportunity to join together for the betterment of their communities. Neighborhood Watch does work. A special thank you to all of you.

Sincerely yours,
Mrs. Patricia Stagg

Continued from page 5

President than he turned out to be. Also, had he leveled on the true economic situation of the country, things could have been different today.

"But I still believe history has proven me right. I don't like the word vindicated, especially when my country is in such bad shape because of all the foolish mistakes made by the Johnson Administration. But, had I been President, there would have been a very quick cessation of the war in South Vietnam. I would have fought the war to win it, and I would have used Strategic Air Command in a complete, non-nuclear bombing of North Vietnam. I think we'd have won in a week. Having done that, we would have saved billions of dollars, and the general welfare and happiness of the people would have been better."

A FITTING BIRTHDAY CAKE was presented to outdoorsman Bill Brook, president of the State Bank of Antioch, at a party at the bank last Saturday. Bill displays the cake along with his wife, Janet. The frosting included a duck and water scene and was the creation of Jacquie Patla of the Brave Bull restaurant. Dr. Jim Kopriva had the idea and asked Jacquie to provide her decorative talents.

Commentary

A Good Point

A parallel between a Declaration of Independence complaint against King George III and today's regulatory burdens on industry was cited in a recent conference sponsored by the National Association of Manufacturers.

One of the complaints in the Declaration against the King is: "He has erected a multitude of new offices, and sent hither swarms of officers to harass our people, and eat out our substance."

An increasing number of companies are complaining about the costs of complying with the myriad of sometimes contradictory and counterproductive rules of federal regulatory agencies.

John Roach's name on it."

Mike was right. On Aug. 29, John won the championship.

The first Antioch Open attracted 56 golfers and, from their comments, we gather that they enjoyed the 36 holes of tournament golf at Antioch Country Club.

Since the Antioch News co-sponsored the tournament with the country club, we appreciate the players' participation. Tournament golf is something entirely different and more distinguished than the many one-day frolics that are staged everywhere. And we have always known that men who love the game of golf are usually gentlemen.

We found this out again in the Antioch Open. Many of our community's finest players had bad rounds, but there wasn't a single complaint. Apparently, they simply enjoyed the opportunity

to play a real golf tournament.

A lot of credit goes to Nick Marucci, the new, young professional at Antioch Country Club, who directed the tournament in such a proper manner.

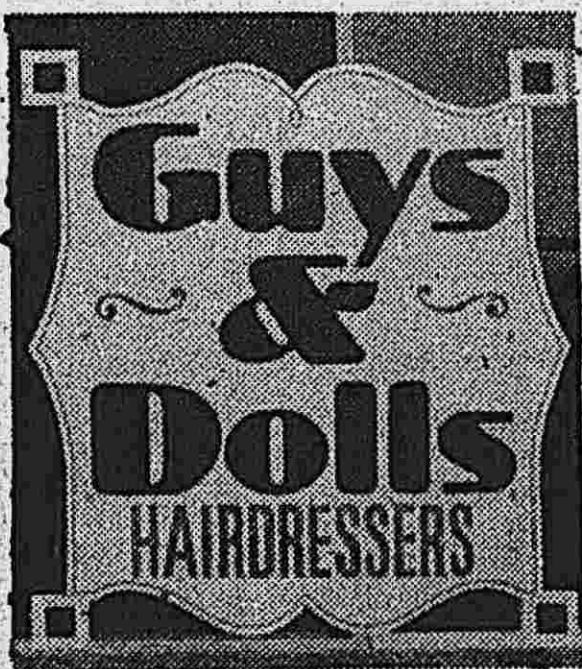

We're looking forward to the second Antioch Open next summer. And we're looking forward to 20, 30 or 40 more entrants.

Thanks to this year's successful start, we think they'll be there next year.

WHEN WE MARRY

Whenever—and whether or not—you've tied the knot, it's nice to know when others have and when they have not. These statistics show who weds when.

JUNE	11.9 percent	OCTOBER	8.4 percent
AUGUST	10.7 percent	NOVEMBER	7.7 percent

dependency on the government. Saying No to any more government "benefits" may mean that our present standard of living will have to be lowered a bit. But if we don't settle for a little less now, we most assuredly will be forced to settle for a great deal less in the not-too-distant future.

BELIEVE ME, I know from past experience that when the people get wrought up over a public issue such as runaway federal spending, they make it known to their representatives and senators in Congress. And also believe me when I say that when this happens, you get action from the liberal mandarins who control the Senate and House.

That's what we need right now, so let's get cracking. We have nothing to lose but an army of petty dictators ordering us how to live.

The American way of life is at stake, and that's worth fighting for.

Rainy Day Sport

How can you change a day of rain to a day of good plain fun for your active outdoor-minded youngsters? Now parents can keep ahead of the game by introducing their offspring to an athletic sort of electronic indoor sport.

This good sport puts the TV screen to good use as a game board, and both quick thinking and manual dexterity come into play. Called Odyssey and made by Magnavox, it hooks up to any make TV, color or black and white of any size. The players direct the action from a special control center included in the set.

There are three games—tennis, hockey and smash—that come with all the necessary materials for young sports to have a smashing time. It's amusing without abusing your furniture.

Youngsters and adults can have such fun with it, there's really no need to save it for a rainy day.

"PETEY" FILIP'S FRIENDS gave her a farewell party at the State Bank of Antioch last weekend. "Petey" is the popular lady who ran the bank's reception and information desk. She

and her husband, Vic, standing behind her in the center of this picture, will be moving soon to Sebring, Fla.

Frank Sinatra applying for membership in the Beverly Hills Tennis Club. Frank really wants to be a member. So much so, he even showed the membership committee his backhand. And without a racquet.

California Governor Jerry Brown has resumed romancing Linda Ronstadt. Alice Cooper suffering from acute anemia and has cancelled his 34-city North American tour. President Ford played golf with Glen Campbell. Due Severinon got his divorce after 12 years of marriage. Sonny Bono's teenage daughter, Christy, dating Dean Martin's kid, Ricci. Sarah Miles says she won't give any interviews unless her dog can be present. Sarah's been this way ever since she was bitten by Doris Day. Aretha Frank-

Mental Health Group To Visit Grove School

Members of the Antioch Mental Health Association will visit the Grove School for handicapped children in Lake Forest on Wednesday, Sept. 15.

Members of the association are inviting anyone who is interested in Grove School and retarded children to join them on the visit.

Reservations can be made by calling Mrs. Ray Lorenz at 395-1152 or Mrs. Ed Vos at 395-0305.

Persons wishing transportation can also call these numbers.

Those wishing to visit the school must be in Lake Forest at 12:15 p.m. There will be a box lunch served at the school before the tour.

Grove School has been a

favorite project of the Mental Health Association for many years.

Psychologists say you can usually change the attitude of others toward you. If you're more cheerful when dealing with them they might become more friendly towards you.

DISTRIBUTION FIRMS handling powered lawn and garden equipment from all over the country met at Port Washington, Wis. The Simplicity Manufacturing Co. conducted its 1976 sales meeting for distributors and dealers, discussing new products, market trends and the business outlook. With a new tractor are (from left) Mr. and Mrs. Ted M. Ozga of Ted's State Line Service, Antioch. With them is Conrad Langenberger, sales manager for Simplicity.

Ted's 'State Line' Has Newest Mowers

Ted Ozga of Ted's State Line Service, just north of Antioch on Hy. 83, was among more than 475 North American distributors and local dealers in powered lawn and garden equipment gathered in Wisconsin in late August for a series of seminars on new products and the business outlook.

Sponsor of the program was the Simplicity Manufacturing Co., builder of such equipment as lawn tractors, riding mowers, garden tractors, walk behind mowers, walk behind tillers and snow removal equipment.

Simplicity President Jacques F. Trevillyan said:

"Authoritative sales forecasts indicate factory sales of consumer type outdoor power equipment will reach over \$2.8 billion in 1984, which is more than double the \$1.2 billion of 1974."

Trevillyan identified the powered lawn and garden equipment market as "one of the country's really large consumer

industries. It's based on people and their residences. Despite the slowdown in total population growth, you can expect a strong increase rate in the group called the 'key' buying years: individuals in the 25 to 39 years age bracket who are forming families and acquiring homes."

"Our preoccupation with environment causes people in this bracket to be outdoor oriented. They expect yards and other outdoor facilities," he said, "to be beautiful. Census figures tell us that 43 million Americans in this age bracket account for about 20 percent of our population. Buy by 1980 there will be 51 million in this bracket and by 1985 there will be 58 million."

Equipment shown to Mr. Ozga included a new 8 h.p. lawn tractor, a new line of compact 8 and 10 h.p. garden tractors and a new design in versatile multi-function walk behind mowers, plus updated established product lines.

OUR DAILY DREAD

Every day a new expert propounds a new chiller; Something else that we eat, drink or breathe is a killer. I've begun to suspect what will finally smite us Will be a raging case of acute expert-itis.

The Day a Big Blue Chrysler Imperial Fell Out of the Sky

BY ZAN THOMPSON

Bring back calling cards and silver salvers. Or maybe even at-home days. There must be a better way to meet your neighbors. Really, any pretext is preferable to what happened the other week.

The lay of the land is important here: I live on a shelf sliced out of a granite cliff in the bosky hills of Pasadena. A street runs in front of the house and, approximately parallel to it, another street winds up the hill behind the house, some 80 or 90 feet higher. The topography, somehow, militates against neighborliness, as does the self-containment of so many southern California communities.

I was sitting in the front patio reading a financial newspaper (I don't own any stocks, but doing this makes me feel like one of Sylvia Porter's clear-eyed, financially sound ladies) and waiting for the sun to trip and fall behind the hills. Bixby, the schnauzer, was at my feet thinking dim small-dog thoughts, and Cuchulain, the cat, was half-heartedly winding through the oleander hedge.

Suddenly there was a roaring, grinding, crashing noise.

I turned and said, "Well, boys, Armageddon has finally come and, by God, it's starting with us." Then, in our own ways, we each reacted to the continuing clatter. Bixby began to bark—his all-purpose solution. Cuchulain dropped a lizard which he was absentmindedly carrying around. I ran to the gate.

What I saw was a big, blue Chrysler Imperial tumbling over the cliff behind the house. It bounced over the retaining wall and landed upside down in my driveway. The car roof immediately accordioned into 10 inches of nonbiodegradable scrap.

Following the car down the hill were a yellow tricycle, a dead potted palm, three skateboards and a trumpet—things obviously lost on the cliff for who-knows how long.

All three of us—dog, cat and me—ran into the house to call the police. I told them that a car had fallen into my driveway from the sky and I gave my address.

Then I had to face the stern reality: The time had come to march out the door and see if anyone was in the car. But before I actually had to lean over and look in, a couple who live on top of the cliff to the north yelled from their balcony to say no one was; the lady who owned the car was, even then, in their house calling her husband—I felt for her.

Then the party got under way. The first to arrive—within five minutes, perhaps less, although it felt like a week—was a nice police officer named Akers. He was followed by several fireman and a number of people I have never seen in my life.

Before long, a pretty blonde trudged up my driveway. The agent at last. She explained what had happened. Returning from a shopping trip, she prepared to unload her purchases by parking the car in her driveway—with the brakes on, she said—thus facilitating repeated trips into her house. That was where she was when she looked out to see the car start its last lemming leap. She had made a gallant effort to stop the car...

After a while, her husband arrived. He was steady and helpful, and eventually went home to get a broom to sweep up all the shatter-proof, unbreakable glass which had shattered and broken all over my driveway.

Loses 210 Pounds

Credits Conway Diet Institute

Nine months ago, Bill Deeds — 440 pounds of short breath, aching feet and innumerable health problems, started on the Conway 1000 calorie diet. Today he's 210 pounds lighter, healthier and a lot happier.

"I didn't think I could do it, because I'd failed on so many diets before," he says. But the Conway Diet, the weekly Insight-Motivation Seminars, encouragement from his doctor, lots of support from his wife, Jane, and his own determination paid off for the smiling Bill Deeds.

NEW MEMBERS — SAVE \$5.00

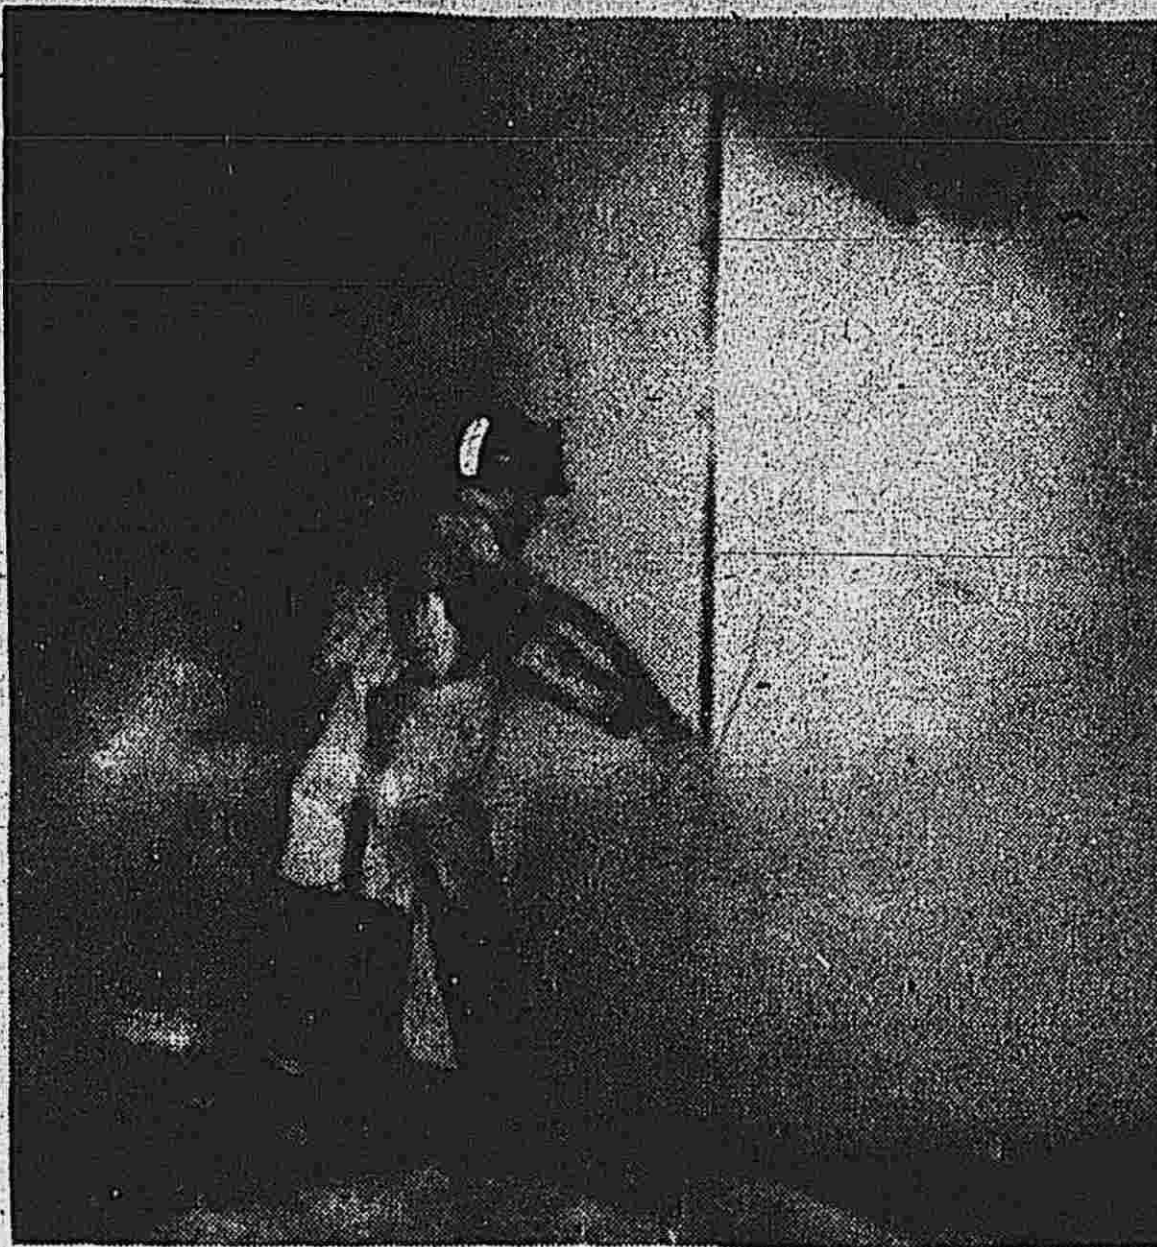

You will save the usual Registration Fee of \$5.00 if you bring this coupon with you to any meeting listed. Offer expires Friday, September 24, 1976.

CHANNEL LAKE BLAZE - Early last Thursday morning, at 1:08 a.m., the Antioch Fire Department responded to a fire at the home of Phil Burgdorf, on Spruce St. off of Lake Ave., Channel Lake. Fire Chief Tod Mapletorpe said damage to the building was heavy. The fire apparently started in the bathroom. (Paul Mapletorpe photo.)

2 Fires Here On Labor Day

A barn fire and a boat fire kept Antioch firemen from relaxing on Labor Day.

The large empty barn burned at 1 a.m. Monday. It originally was the old William Hanke farm, west of Antioch and just north of Rt. 173.

Despite help from Wilmot and Spring Grove fire departments, the old abandoned barn was totally destroyed.

Antioch fire trucks rushed to

Channel Lake at 8 p.m. Monday where a 14-foot boat caught on fire. Chief Tod Mapletorpe said the cause might have been leaking gasoline.

Some people believe that the best way you can get good luck out of a four-leaf clover is to wear it in your shoe.

The Old Timer

"Gardening is a contest to see which holds out longer—your enthusiasm or your back."

The Zan Thompson column

Continued from page 8

The parking area was teeming with people, the firemen were hosing the gas down the hill, the policeman was being pleasant and constructive. Then the wrecking truck arrived. The scene looked like the second-act curtain of the fourth road company of "Aida."

The wrecking truck driver put a V-shaped chain device on the side of the chassis nearest the cliff and backed up. The first time, it snapped and whipped through the air like an iron snake. The chain was reattached and, with great straining and groaning, the poor car was put back on its legs, though it wound up cross-wise to my narrow driveway.

After brief consultation with the blonde and her husband, the wrecker man decided to bump the car around (a few more dents could hardly matter). He backed away, then rammed the car. Each time, it made a terrible wrenching grinding scream, but with each bump it moved a little. Finally shoved parallel to the driveway, the car was towed off, giving its last groans.

Wouldn't afternoon tea have done just as well?

Antioch Travel Agency

Wally and Dottie Daniels

Sighted by Columbus and settled by Scottish farmers and buccaneers, the Cayman Islands, today, are unspoiled Caribbean islands that attract divers to its waters. Wrecks along its reefs, contribute to its diving popularity. Facilities include diving guides, boats, scuba tanks, and any additional help at the fine hotels in the area.

Whether you prefer the Riviera or a little town in New England, the staff at ANTIOCH TRAVEL AGENCY, Antioch Savings Plaza, can help. Our office keeps up to date on changes in rates, schedules and government regulations. Call us at 395-0665. We are open daily until 5 P.M., Fridays until 8 P.M., and Saturdays until 3 P.M.

FOX LAKE HARBOR

EVERYONE KNOWS what a Snowmobile is ... a cross-between a motorized snowshoe and a powered ski, to many it is the best thing that has happened to winter.

They are your dealer in Fox Lake for the Arctic Cat and Yamaha Snowmobiles on Grand Avenue in Fox Lake Harbor. Phone 587-0218.

This Snowmobile offers a profusion of engine and power options and track widths. As in the automobile industry, each model serves its best specific purpose. This firm also offers a wide range in prices. There is a Snowmobile for Junior to play with, another for family pleasure and outings, yet another that's a work horse. Choose the one that fits your needs and check it out with this dealer first.

They also feature a complete line of high quality used snowmobiles, contact Joe, John or Jim Moulis, owners, for a free demonstration on one of the New or Used Snowmobiles featured here at Fox Lake Harbor in Fox Lake, Illinois.

Sherman Security Systems, Inc.

PROTECT YOUR OFFICE, plant, or home and valuable contents by having a burglar alarm system installed by Sherman Security Systems, Inc. in Crystal Lake at 6119 Northwest Highway. Phone 815-459-8111.

PROTECTION IS THEIR PROFESSION and they will gladly give you an estimate without obligation on your premises. It will pay you to investigate these burglar and fire alarm systems, approved for insurance discounts.

See this firm for all types of alarms, residential and commercial installations offering "service while you sleep." Call them at once for added security and protection for your home or place of business, lake home or industrial property.

They invite a price and quality comparison with any other alarm system. Call today for an appointment or descriptive literature.

Doe's Travel Trailers & Supplies

Doe's Travel Trailers and Supplies, located at Junction 137 and 45 in Libertyville, phone 362-4225, features a complete and varied line of travel trailers, campers, truck campers, toppers, mini-homes and motor homes - new and used.

If you are looking for a camper or trailer, this is the place to go. The campers and trailers at this firm are of top grade quality in construction and design, yet reasonable in cost. This firm's reputation has been built on the dependability of their product and the reasonable prices rendered to each and every customer. We suggest you drop by and look over their stock. Their service includes camping supplies, complete hitch service and LPG fill service, full service, too.

Take your family on a real vacation this year without the high cost of motel rent by visiting Doe's Travel Trailers and Supplies in Libertyville.

Wharton Blacktop Inc.

In the paving and general contracting field of this section, there is no one organization which has been of greater importance and aid than Wharton Blacktop Inc. located in Grayslake at 820 Barron, phone 223-5634. They specialize in asphalt paving for recreation areas, industrial sites, building sites, parking lots, driveways, etc. Years of successful paving operations in this area have equipped this firm to produce asphalt paving work at a low cost, and with speed.

They are equipped to do asphalt paving work of the highest quality. This is a local firm established by John Wharton in which all business dealings are direct with personalized attention.

The work Wharton Blacktop Inc. contractors performs on a small job is just as good and accurate as one on the biggest paving contracts. Their success is due to this ideal honest workmanship - which measures up to their business conduct, with free estimates cheerfully given - call day or night.

In this Review, we take pride in complimenting this firm on their business transactions in this section offering prompt service and quality workmanship.

Barney's Mobile Home Sales & Service

HAVE YOU BEEN LOOKING for a mobile home to fit your family's needs, but haven't been able to find just what you want?

Barney's Mobile Home Sales & Service have the perfect mobile home for you at 523 South Green Bay Road in Waukegan. Call them for specifications and detailed information at 623-0606.

Their mobile homes include quality used mobile homes, monthly or yearly. Complete mobile home service, also mobile home transporting - licensed and insured. You are welcome to look around inside these mobile homes at leisure.

You will find here the BEST MOBILE HOMES on today's market at reasonable prices. We highly recommend this mobile home dealer and suggest that you select YOUR MOBILE HOME from their lot. You'll be glad you did!

'Grand Slam' Contest Is Underway at R&E

Rittenhouse & Embree Lumber Co. has announced its 2nd annual "Grand Slam" vacation contest.

Persons can register at the store, 315 Depot St., and possibly win a trip to either Acapulco, Las Vegas, Disney World or Mexico City.

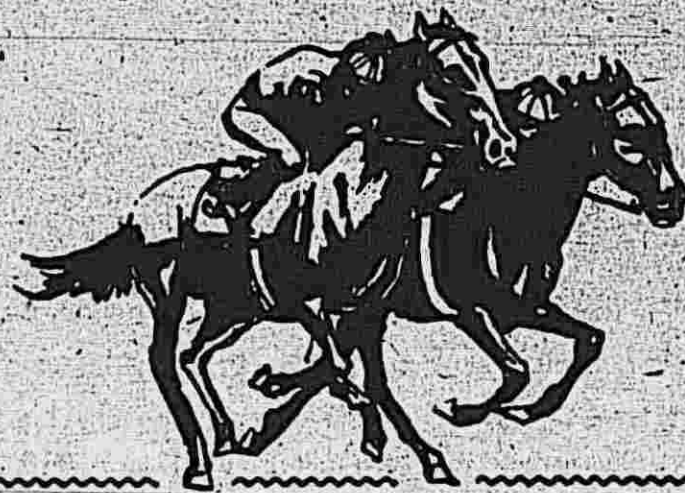

Manager Francis (Bud) Scichowski said no purchase is necessary and that persons can register through Sept. 25.

On Oct. 8 the winners will be selected in a unique contest.

Last year Gus and Evelyn Magnesales chose a trip to Mexico City after a party at Antioch Country Club.

Twelve lucky persons were invited, a movie of a horse race was shown and each person was given a horse. No one knew the outcome, but after two exciting minutes of watching the race, the Magnesales' thoroughbred was the winner.

More details about the "Grand Slam" contest appear in the advertisement on pages 12 and 13.

Good Wine Goes with Good Food

"Wine is constant proof that God loves us and loves to see us happy," Ben Franklin once wrote.

It's healthful and therapeutic, according to medical experts.

Wine provides food energy for work and body maintenance. It's a source of carbohydrates, vitamins and minerals. Often prescribed for the elderly and for people on reducing diets, a four-ounce glass of dry white or red wine contains about 70 to 90 calories.

Basically, there are four major groups of wines to choose from. Table wines are made to go along with meals. They come in an enormous variety of flavors and qualities. Usually, they contain about 12% alcohol. They may be white, rose or red and dry or sweet.

Sparkling wines, like champagne, sparkling burgundy and cold duck are usually set aside for special occasions.

Fortified wines are made by adding brandy to the wine to make it stronger.

They generally contain about 20% alcohol. They can be dry (before-dinner drinks), or sweet (dessert wines). Sherry and port are probably the best known in this category.

Then there are the aromatized wines, like vermouth, that are flavored with herbs, seeds and/or spices. They can be combined with spirits to make cocktails, or used alone as before-dinner drinks.

Within these categories, there are subdivisions. White wines, for example, can be grouped into sauternes (Semillon, Sauvignon Blanc), Rhine wines (Riesling, Sylvaner) and Chablis (Pinot blanc, Chardonnay). Red wines include burgundies (Pinot

Noir), clarets (Cabernet, Zinfandel), chiantis.

Wines are labeled by the areas in which the grapes are grown. In addition, many wines give information about the district, community and whose vineyards the grapes are grown in ... sometimes even whether the grapes come from the valley or the hillside.

How to decide what kinds of wine to drink with the foods you are serving? There are two general maxims: 1. Red wine with red meat, white wine with fish, fowl and white meat. 2. A white wine before a red wine, a light wine before a full wine, a dry wine before a sweet wine and a young wine before an old wine.

The rules, however, are by no means steadfast.

The traditions are broken with great regularity by independent thinkers with individual tastes. However, at least in the initial stages of getting to know your way around the wine counter, the old maxims serve as handy rules of thumb.

Here are a few suggestions:

With game and roast beef, use a robust burgundy. Use a claret or Cabernet sauvignon with broiled steak, a chianti with spaghetti.

Dry white wines like Chablis, Chardonnay, Pinot Blanc or Rhine wine are recommended with seafood. If the seafood is creamed or sauced, a slightly sweeter wine like sauterne or chenin blanc works well.

How much wine should you buy? When you're planning to serve wine with the main course at dinner, one fifth-size bottle for four persons.

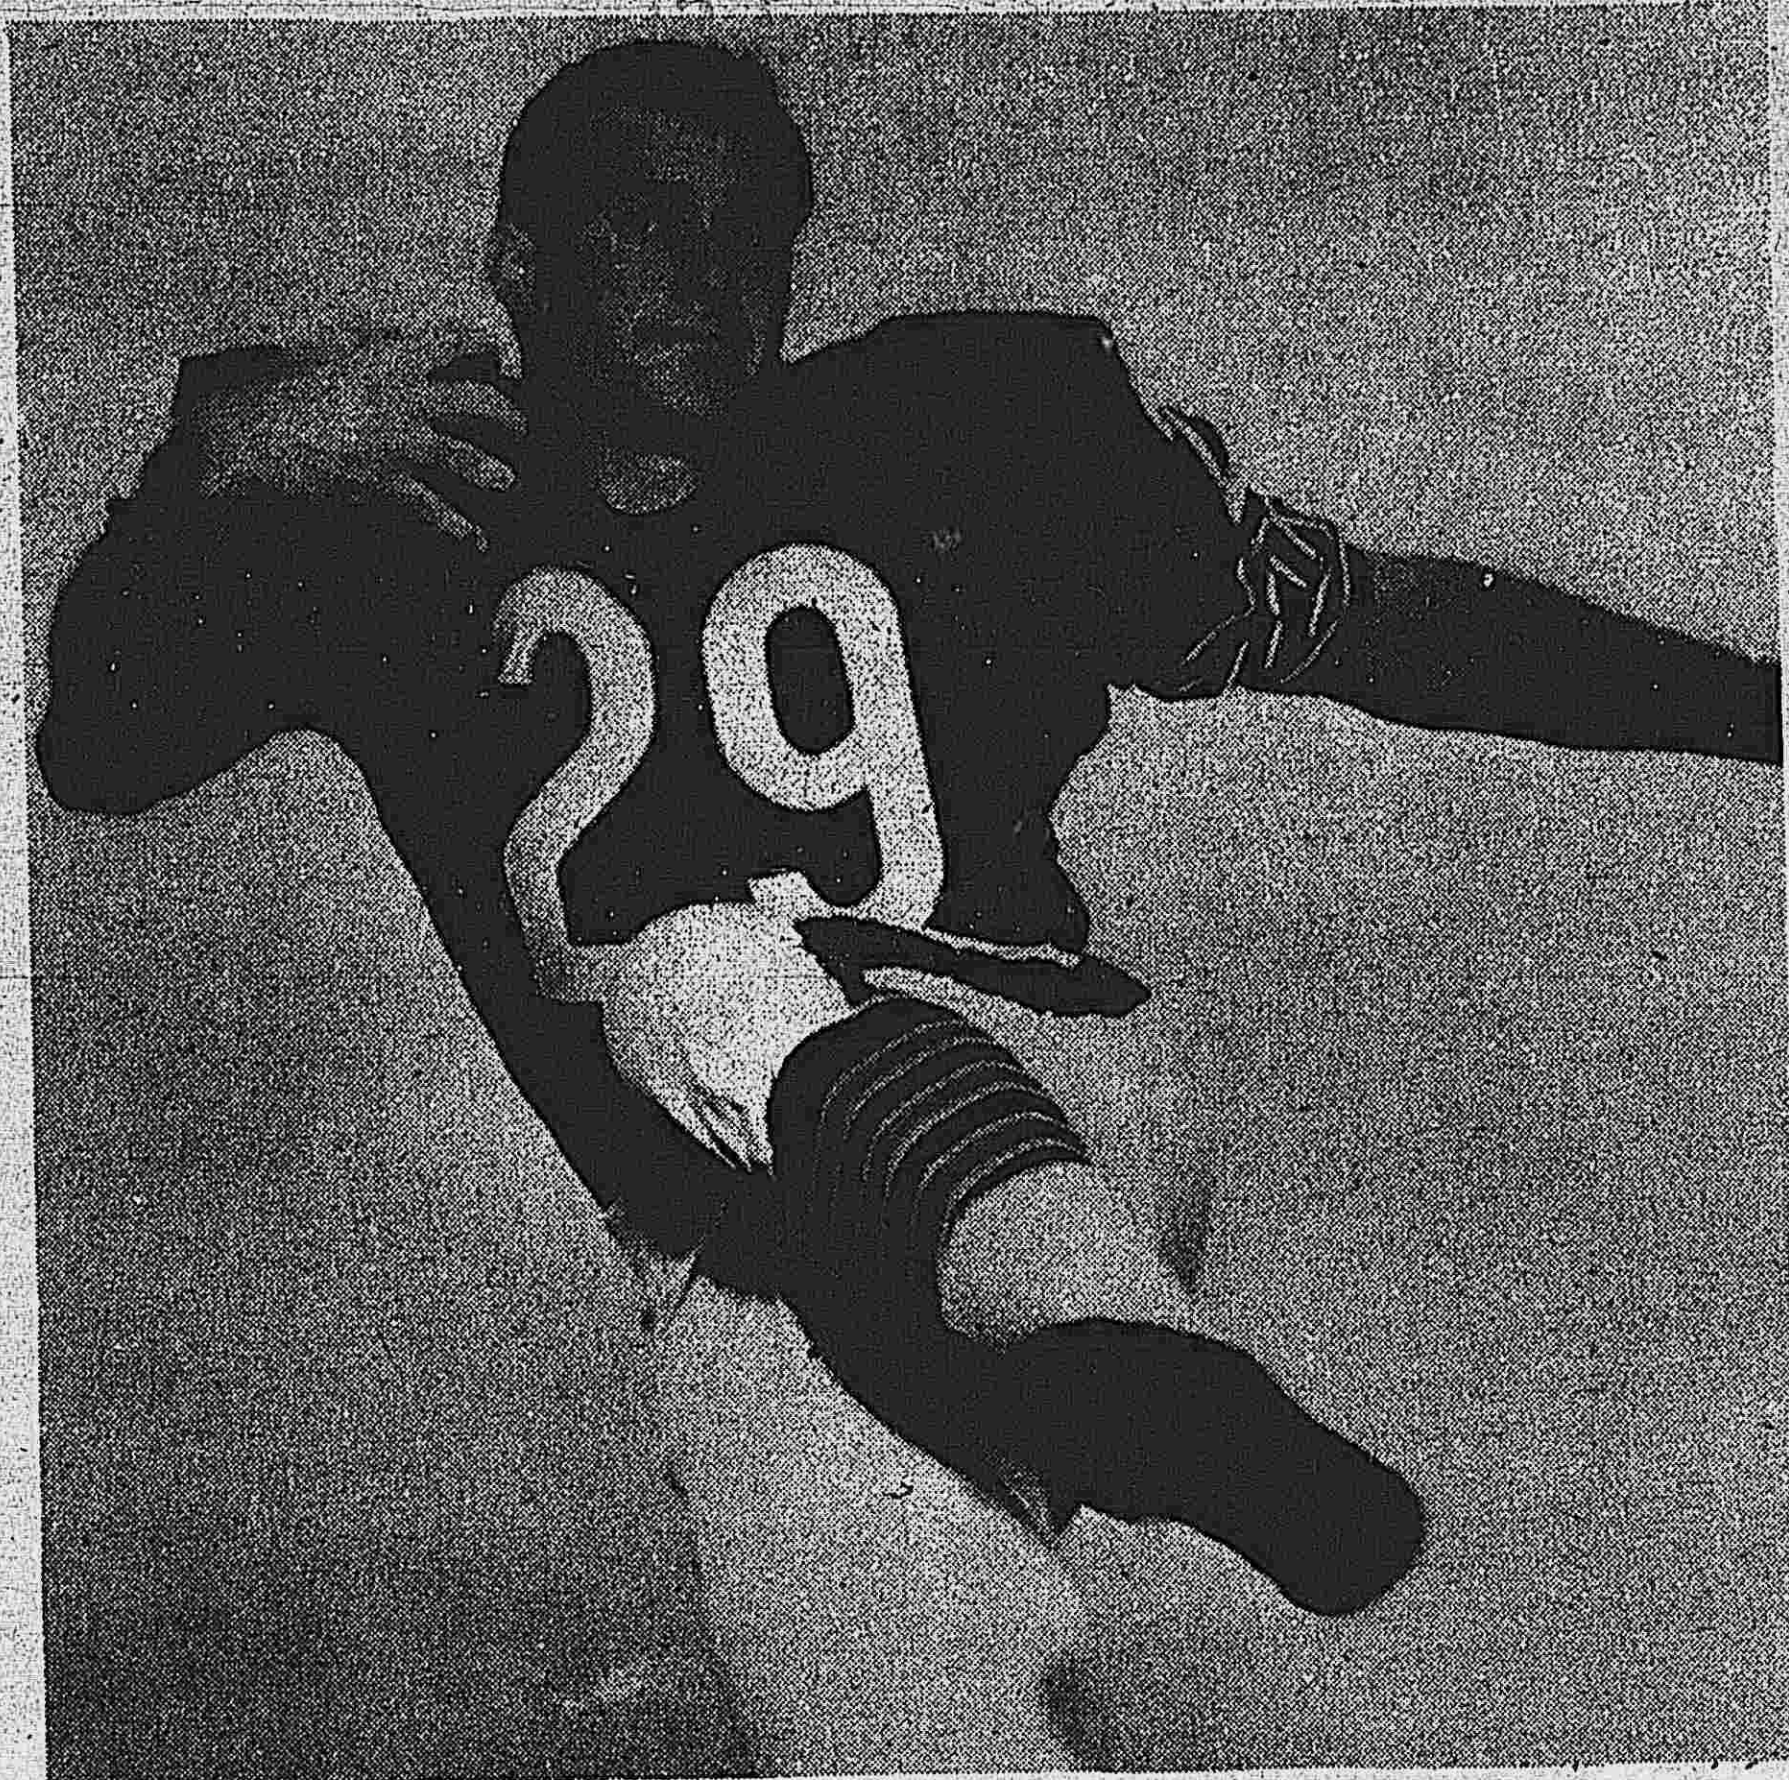

Vehicle Taxes Seem to Have Wings

Since 1950 the number of motor vehicles in the U.S. has doubled, but special taxes have more than quadrupled—from \$4.1 billion to \$19.2 billion annually—reports the Motor Vehicle Manufacturers Association.

Preliminary 1975 figures listed gasoline tax revenue at approximately \$8.4 billion, state registration receipts were \$5.1 billion, and federal automotive excise taxes were nearly \$5.7 billion.

ICE BURST

IF YOU PLACE A CUP OF BOILING WATER IN A TEMPERATURE OF 80 DEGREES BELOW ZERO (IN THE ARCTIC) IT WILL IMMEDIATELY TURN INTO ICE AND BURST WITH AN EXPLOSIVE SOUND!

COMING TO ANTIOCH is Ronnie Bull, former Chicago Bears running back and National Football League rookie of the year in 1962. He and another former Bears star, Bill George, will be the guests at the Antioch Moose Lodge Sportsmen's Night on Saturday, Oct. 2. The fun starts at 8 p.m. and costs only \$1. Tickets are being sold at the Moose Lodge bar. Smoked coho, turkey, goose and duck will be served, and there will be movies of interest to sportsmen, presented by the local Ducks Unlimited group.

Walpole Leads CLC Runners

The College of Lake County's cross-country team opens its season today (Wednesday) at 3:30 p.m. against Harper, on the CLC course.

Coach Larry Whittier has five of his eight runners returning from last year's team, which

region and all-state honors. "Rick Krapf of Waukegan, along with Walpole, has the

potential to achieve All-American status at the national meet in November," says Whittier.

won the conference championship, was undefeated in dual meets and qualified for the Nationals.

Leading the returners is Kevin Walpole, who prepped at Antioch and was the team's most successful runner last fall. Among his individual achievements were all-conference, all-

SPORTS SURPRISE

When Rocky Graziano won the World Middleweight Championship from Tony Zale in 1947 in Chicago, no official films were made of the fight.

Anyone who took home movies in 16 mm or 8 mm of that fight, or of any old fight may be able to sell them to fight film collector Jim Jacobs. His address is 9 East 40th St., New York, N.Y. 10016.

If you're a heavy user of cold cuts, it pays to slice your own for significant savings.

REPUBLICANS HAVE FUN, TOO - Members of Lake County's 9th annual Republican party picnic committee: back row, Jack Hoogasian, state's attorney; Frank Nustra, recorder, and Robert H. (Mickey) Babcox, candidate for coroner; front row, Robert J. Milton, candidate for auditor and Dawn Marie Mardoian, candidate for clerk of the circuit court. The picnic is scheduled Sunday at the Serbian Monastery grounds, north of Libertyville on Rt. 21. Food will be served from 12:30 to 4 p.m.

"Laughing is the sensation of feeling good all over, and showing it principally in one spot." Josh Billings

ABC'S OF Travel Domestic and International

By BARB CORBIN

REFUNDS - Unused or partially used tickets usually can be obtained from the airlines ticket counters right while you are at the airport.

A cash-paid ticket is refunded in cash or by check. For a refund on a ticket charged to a credit card, the customer is given a check payable to the credit card company. Submit the check to the credit card company and the refund should appear on the following month's statement.

If you use a lesser class of service, a gate agent will give you a form verifying this and entitle you to a refund when presented along with your ticket receipt to a ticket counter. If you don't have time at the airport for the various refunds, then take your ticket back to the Travel Agent who sold you the original ticket.

INFLIGHT MEALS - If for reasons of religion or health, you cannot eat certain foods, special meals can in many cases be prepared for you. However the airlines must be notified by you or your travel agent at least 24 hours before your flight departs. Also traveling with children; it is best to request a child's meal. They as a rule enjoy this more for it is their type of food.

THE AIRLINES are beginning to go by rules more and more all the time because of the increasing number of passengers flying today. This is not a new rule but is being enforced now.

Passengers reporting al-

By BARB CORBIN

ledgedly missing or delayed baggage **MUST** give preliminary notice of such loss **IN WRITING WITHIN FOUR HOURS AFTER THE ARRIVAL OF THE FLIGHT** on which the loss or delay occurred.

So be sure and take care of the matter before you leave the airport; **DON'T** wait until you get back home and then call the airline.

CLC News

The comedy team of Edmonds & Curley will appear at the College of Lake County college center on Friday, Sept. 17, from 11 a.m. to 12 noon.

Edmonds & Curley have appeared on national television on the Tonight Show, the Merv Griffin Show, and the Mike Douglas Show.

They also have performed as the opening act for such stars as Dionne Warwick and BB King, and many others.

Their performance at CLC is free and open to the public.

Happenings around the community

THE AMERICAN Cancer Society and the American Legion are joining forces in a nation-wide effort to "Wipe Out Cancer In Our Lifetime" by developing a "First Ladies Recipes" cookbook for the bicentennial year.

Anyone sending a \$2 or more

donation, tax deductible of course, will be sent the book postage-free.

Or you can pick one up at the American Cancer Society, Lake County Unit, 2835 Belvidere Rd., Waukegan. Hours are 8:30 a.m. to 4:30 p.m., Monday thru Friday.

THE LAKE County "NAIM" group for widows and widowers will meet at 2 p.m. on Sunday, Sept. 12, at Our Lady of Humility school hall, 1801 Wadsworth Rd., Zion.

Further information about the group and its activities can be obtained by contacting Frank Wagener, president, at 223-2667, Grayslake.

THE ANTIOCH Coin Club will hold its first annual "Coin Show" on Sunday, Sept. 26.

The exhibition will take place at Antioch High School from 10 a.m. to 5 p.m. Admission is free.

4-H News

The Clever Clovers 4-H Club ended its year with honors.

Twenty-five A's, 11 B's, and 7 C's were awarded to the club at the Lake County Fair.

Judy Houghton, Marsha Fallon and Susan Williams were selected for the honor group in sewing. Susan was also an alternate to the State Fair.

Those receiving Grand Champion ribbons were Gary Quedenfeld in bowling, Michael Fallon in woodworking, Lorna Whitton in geology, and Marsha Fallon in "meat in your meals."

Marsha also received reserve champion ribbons in intermediate knitting, "pastry in your meals," home furnishings and flower arranging.

Lorna Whitton and Marsha Fallon were chosen State Fair delegates. Lorna earned an "A" rating with her demonstration in home furnishings. Marsha attended classes and workshops in flower arranging.

A new year begins with a business meeting on Thursday at 7 p.m. New projects, activities and experiences are in store for the Clever Clovers. For further information about joining a 4-H club, call 223-8627.

Try Cacti and Succulents!

When it comes to gardening, if you have a purple thumb instead of a green one, you may find cacti and succulents your answer to growing plants easily. Especially if you have little time or patience to care for plants.

Cacti and succulents thrive under what are normally adverse conditions — dry, overheated apartments, for instance. Requirements are few — sunlight, low humidity, infrequent watering and sandy soil.

When a succulent and when a cactus? Actually all cacti are succulents, but not all succulents are cacti. The cactus plant family is only one variety of numerous succulents. All succulents have the special capacity to store water in their stems or leaves. And that means you can leave these plants unwatered for as long as a month, and they will probably be thankful for the "neglect."

Cacti and other succulents offer a multitude of intriguing sizes, shapes and textures. Plant several in one container for an instant garden in a pot. Cacti and succulents like to be pot-bound, and their roots require little room. Several pots planted with cacti and succulents make a beautiful desert-like scene.

Weathered wood design planters from Rubbermaid help create a "south of the border" effect for a cactus garden. The holes in the bottom of the pots and their removable saucers prevent overwatering

and insure proper drainage essential to all succulents. A simple rule of thumb is to water them well when they are growing — April to October — but otherwise not at all unless they begin to shrivel. And let the soil dry out completely between waterings. Blooming varieties require a definite dry period in winter if the flowers are to form.

To make your cactus garden, begin with the right potting medium — a combination of perlite, peat moss, and coarse sand or vermiculite works well. A teaspoon of bone meal will help plants flourish.

Place the potting medium directly into the planter and arrange your selection of cacti and succulents. A variety of shapes, textures and sizes make the most attractive garden.

Grafted cacti, achieved by taking two different plants and cutting them so the fleshy parts join to make a single plant, make interesting additions to a cactus garden too.

Try your own cactus garden. And see how much fun indoor gardening can be — even for the purple-thumb people!

Astro-Analysis

By Sonia

ARIES [March 21-April 19] - A good time to consummate business deals or to work on stabilizing matters that are up in the air. A past romance may crop up unexpectedly once again.

TAURUS [April 20-May 20] - You are now in a position to persuade influential people that your creative abilities are worth more consideration. Social life plays a more important role so circulate.

GEMINI [May 21-June 21] - You communicate well now so don't hesitate to speak out or convey ideas in writing. Clear up pending matters early in week which require domestic attention.

CANCER [June 22-July 21] - Be more possessive about your time. Prepare a schedule that allows time for friends and family but also provides some solitude for contemplating future plans.

LEO [July 22-August 21] - There's a tendency to go from one extreme to the other where money matters are concerned. Try to reach a realistic solution by being practical.

VIRGO [August 22-September 22] - Set high goals then work diligently toward fulfilling them. Stars favor a successful week if advance planning is adhered to.

LIBRA [September 23-October 22] - A high energy trend prevails so many worthwhile accomplishments can be experienced if plans are carefully laid out. Don't over obligate yourself.

SCORPIO [October 23-November 21] - Avoid affairs that aren't on the up and up as a tendency toward misunderstanding prevails. You fare best by keeping company with old acquaintances.

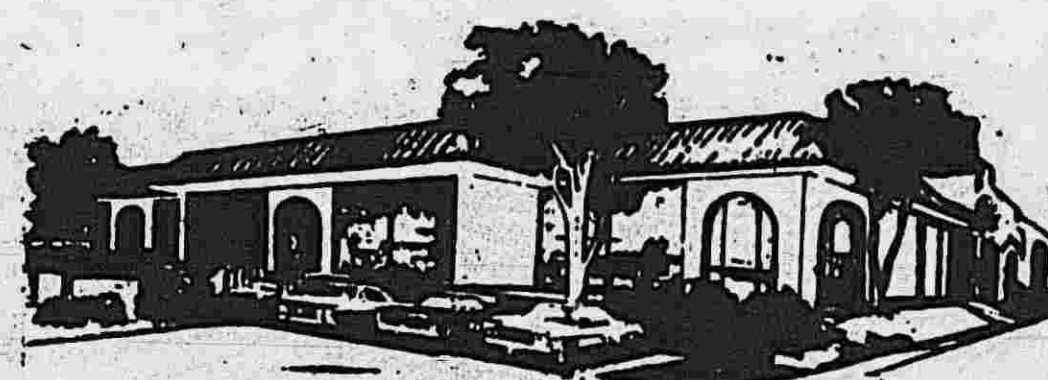

SAGITTARIUS [November 22-December 20] - You get many opportunities to make new friends and lead a more active social life this week. Try to keep career plans separate from recreational pursuits.

CAPRICORN [December 21-January 20] - Talk over any differences of opinions you may have with superiors. By dealing directly with problems you are in a better position to solve them.

AQUARIUS [January 21-February 19] - Although you may have excellent ideas for improving working conditions use tact when presenting them. Those in command still have the final say so.

PISCES [February 20-March 20] - A good trend for forming new associations, but don't be hasty. By taking plenty of time to scrutinize the fine print you remain in control.

"THE GOLF PRO" from Lorenz's Smart Country House advertised his "home club" in August's first annual Antioch Open championship. John Hedberg, who works at Pickard China, tied for fourth in the Class A flight and, some of his opponents said, would have won a long-driving contest if one had been held.

Dundee Gets Ready For Antioch

Dundee's Cardinals (that's the way they spell it, and that's the way they yell it) are getting ready for Friday night's 7:45 clash with Antioch's Sequoits.

The game at Carpentersville, in Spain Field, will be the Cardinals' debut in the Northwest Suburban conference.

Coach Jerry Curtright of Dundee says he is rebuilding around nine lettermen from last year's team that had a 4-5 record in the tough North Suburban Conference.

"We don't have much depth," said the Dundee coach. "We have 10 to 15 good players, but

by the time the fourth quarter rolls around we'll be pretty tired."

"We lost 15 players to Crown in the split of the schools in this area, three or four of them starters and some real good backup people," added Curt-

Please turn to page 18.

Punt, Pass And Kick Event Set

Registrations for Antioch's 1976 Punt, Pass and Kick competition continue to roll in, according to officials of the sponsoring Lyons-Ryan Ford company.

The contest is open to any youngster eight through 13 years of age and will be held Saturday, Sept. 18 at 5:30 p.m.

Participants compete against others in their age group. There is no body contact.

No special equipment is needed and participation does not impair the youngster's amateur standing. Each contestant will compete in three categories - punting, passing

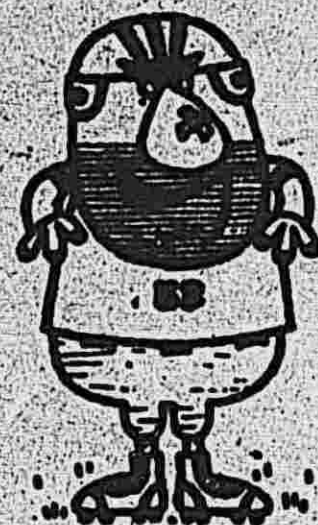

and kicking.

Judges will score one point for each foot the ball travels on the fly, minus one point for each foot the ball lands to the right or left of the center tape.

Those wishing to take part in this year's competition can register at Lyons-Ryan Ford on Rt. 173. They must be accompanied by a parent or guardian.

There is no entrance fee for the local contest. Trophies will be awarded.

Twelve national finalists will compete for the national championships in their age group during the halftime of an NFL divisional playoff game in

December.

Winners will have their names inscribed in the Pro Football Hall of Fame in Canton, Ohio. Their trophies will be presented by Football Commissioner Pete Rozelle.

Cross-Country, Golf Teams In Competition

Antioch High School's cross-country team has two more meets coming up this week.

The Sequoits run at Dundee at 4:30 p.m. Thursday, then will participate in the big Crystal Lake Invitational meet at 9:30 a.m. Saturday.

Antioch's golf team, coached by Mark Guthrie, plays at McHenry Friday at 4:15 p.m.

The sophomore football team, coached by Tom Baba and Rich Brown, will play at 6 p.m. Friday at Dundee.

THE 1977 CHEVROLET CAPRICE Estate Station Wagon helps usher in a new era of Chevrolets. The new cars will be on display at Teresi Chevrolet-Oldsmobile on Thursday, Sept. 30. Despite impressive weight-savings and trim new smaller dimensions, big car roominess and comfort are continued, especially in the new station wagons. Station wagon highlights for 1977 include a new

three-way tailgate, lockable stowage compartment in left rear quarter panel and new utility tray in each quarter trim panel. The Caprice Classic and Impala wagons are available in two-seat or three-seat versions. A completely new car for 1977, the standard Chevrolet and wagons feature a new 116-inch wheelbase and new body, chassis and frame design.

Sequoits Open Season Friday Night

Continued from page 1
and 8 p.m., following a 6 p.m. sophomore clash.

Naturally, the Antioch coaches and players hope that a lot of their fans will make the trip to cheer them on.

So we must point out that the game actually will be played in Carpentersville, which is just north of West Dundee. The site is Spain Field, which has the

lights for a Friday night game. It is located on Rt. 31, just north of the intersection of routes 72 and 31.

"OUR KIDS are physically in good shape," said Coach Roy Nelson. "Only four out of 56 have minor injuries. No major injuries, thank heaven."

"They feel they can become champions," the coach said. "There's good morale on the team and they work hard in practice. They're not afraid to put in those long hours."

Nelson has the same pair of excellent assistant coaches, Steve Wapon and Ted DeRousse, who helped lift the Sequoits from a 1-8 record in 1974 to a 7-2 record in '75.

The so-called experts picked Antioch to finish eighth last year but the Sequoits kept upsetting one foe after another until they entered the final game against Grant with a chance to tie for the conference title. But they lost a vicious battle in mud and constant rain, 28-13.

"Dundee's quality is hard to judge," said DeRousse. "But we do know they have some experienced players in their line, and they have one outstanding pass-catcher."

THIS YEAR the Northwest Suburban Conference has been enlarged and split into northern and southern divisions. Antioch is in the northern division and only five of its nine games will count toward the division title. Those are against Grant (the first home game on Saturday afternoon, Sept. 18), and Warren, Woodstock, Round Lake and Grayslake.

Dundee is in the southern division.

"I have respect for Grant because they're the defending champions," Nelson said.

Woodstock placed third in the conference last year, with a 6-3 record, and Nelson said he hears that team is improved and has its biggest squad ever... including fullback Ron Genot, who ran through all opposition last year as a 6-foot-3, 200 pound sophomore. But Antioch beat Woodstock 20-14.

Coach Nelson also mentioned that Warren's Blue Devils, who

had a 5-4 record last year, should be improved.

The winner of the 6-team Northern Division qualifies for the state playoffs.

ANTIOCH'S RETURNING lettermen include Rich Dauck, linebacker and guard, who made honorable mention on the All-Lake County team last year.

Others who lettered as juniors last year are tackles Mike Brady, Bob Ducato and Bruce Kecskemety, defensive back John Kakacek, guards Tim Murphy and Don Norwick, running back Doug Schreiber, end Mike Vos, punter Keith Evanson, and center and defensive end Jerry Schmidt.

Either Schmidt or Scott Novaha will do the placekicking.

JUNIORS UP from that undefeated sophomore team of

last year include ends Tim and Tom Huebner, defensive backs Jeff Mulder, Al Roth and Jim Crutchfield, center Pat Solar, flanker Keith Radke and fullback Al Moore.

Antioch's starting backfield probably will have junior Brian Andrews at quarterback, with junior Tom Dixon right behind him. Gone is Jon Bodin, who won all-conference honors last year along with end Chris Boarini.

Running backs this year will include seniors Doug Schreiber and Wally Wallraf, and juniors Kenn Rosenbrock and Tom Huebner.

Here is Antioch's 1976 schedule:

Friday - At Dundee. (Varsity game starts between 7:30 and 8 p.m., following a 6 p.m. sophomore game.)

Saturday, Sept. 18 - Grant, here.

Friday, Sept. 24 - At Warren (night game.)

Saturday, Oct. 2 - Cary Grove, here.

Friday, Oct. 8 - At Woodstock (night game.)

Saturday, Oct. 16 - Round Lake, here.

Saturday, Oct. 23 - Stevenson, here. (Homecoming.)

Saturday, Oct. 30 - At Jacobs.

Saturday, Nov. 6 - At Grayslake.

Smart businessmen expect the unexpected

You can't count the unexpected problems that can put you out of business.

Like the windstorm that rips off your roof, the fire that sends important financial papers up in smoke, or the vandals who strip your costly equipment.

But you can protect yourself the way smart businessmen do with commercial insurance from Country Mutual.

Country Mutual covers those unexpected costs and closes dangerous gaps in your commercial insurance coverage.

See your local Country Companies agent soon and let him prepare you for the unexpected.

The Country Companies. We're a little different than most insurance people.

A PRO IS BORN - Bill Effinger (left) of Effinger's Hardware store in Lake Villa, won the Class B championship in the first Antioch Open on Sunday, Aug. 29. He tied for first with Bill Nauman of Antioch on rounds of 87 and 85, then edged Nauman in a playoff. Three of the Effinger family's friends, Jean Madsen (right), Marlene Smith and Liz Knourek, surprised him

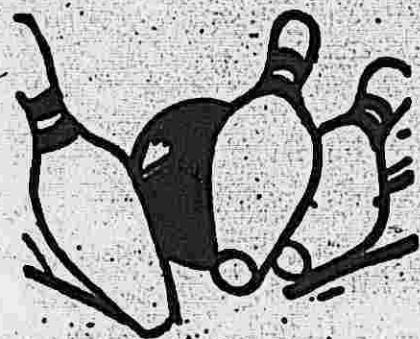

by putting this sign in the window of his store. Just in fun, it included the suggestion that Mr. Effinger instruct "ladies evenings, individually, by appointment only, 8 p.m. or after, offering VERY personal instruction." It was all in jest, of course, and Mrs. Effinger didn't seem to think her husband would really turn professional.

AMERICA The Bountiful

There's plenty of railroad tracks around for American trains. Statistics show that America has more length of railroad than any other country, with 205,782 miles of track.

There should be plenty of food available for Americans, if the trend established in the 1950s, 1960s and 1970s continues. Reliable statistics from the U.S. Board of Governors of the Federal Reserve System show our food production doubled in 20 years.

the Pfarr Corner

Some Men Aren't Calm Before Storms

By JERRY PFARR

Now that Labor Day has passed, it's official, Summer is departing and soon it will be time to put up the storm windows.

We can't mention any names, but we'd like to relate a scene we observed in Antioch last fall.

A certain owner of a two-story house was being reminded by his wife that he is annually the last one in the neighborhood to put up the storm windows.

"YOU KNOW that I suffer from astro-phobia," explained her husband.

"The word is acrophobia, dear."

"Well - same difference - if I panic on a ladder I wouldn't make a good astronaut either."

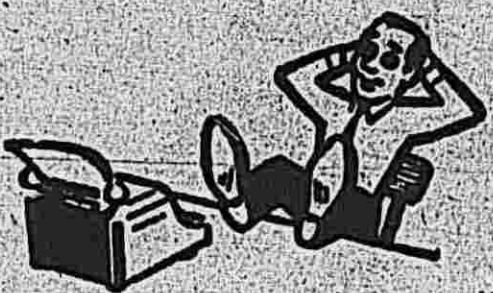

"You'd better get the storm windows up today," the wife said. "Last year you waited till the first snowfall and the ladder rungs were so slippery I was afraid you'd fall and crush the rose bush."

"I'll do it next weekend," promised the husband.

"Nothing doing. Next weekend the score will be Packers 35, Beer Cans 6 and Storm Windows 0. You'll do it today while the only thing on television is soap operas."

"Even 'Mary Hartman, Mary Hartman' is better than climbing ladders," muttered the husband as he went to the basement to find the tennis shoes he hadn't worn since high school, except on ladder climbing days.

HE FOUND his rickety old wooden ladder in the garage, buried under three bicycles, the lawn sweeper and a pile of newspapers.

"Boy, how is this 40 pound ladder going to hold all 200 pounds of me?" he wondered.

"You mean 200 pounds of silly putty," his wife snapped.

His pockets bulging with rags, squeegees and screw driver, he crept perilously up the ladder, one hand holding a pail of window cleaning solution and the other clutching a bulky storm window that threatened to blow from his grasp with every breeze.

Neighborhood children began to assemble for the exciting show.

"C'MON GANG," his own children shouted, "Ol' dad is going up the ladder again."

"Boy, just like a fireman," said a boy dressed like a half-back. "This is better than a circus. Gosh, your dad is lucky. He can climb ladders. My poor dad has aluminum combination storms and screens."

"Don't step down, daddy!" his daughter squealed. "The cat is following you up - he's only one step below you!"

"Did you have to wear that old bowling shirt you got from the funeral parlor?" shouted his wife.

"Yeah ... I'm already labeled ... if I fall you can just stamp me and mail me."

"Wait, you can't put that storm window on!" his wife screeched. "I don't think the inside window is clean enough yet."

"It's as clean as a man can get it when he's hanging on for dear life and shaking like a leaf!"

"Wait, I think I see a smudge!"

"I don't see it!"

"Well, come down here - I

think you could see it from here!"

"Look, not many people between now and next spring are going to inspect this window from your particular angle. Why don't you get in the car and drive past the house a few times, and see if you can see the

smudge from the street?"

"While you're up there, clean the leaves out of that gutter."

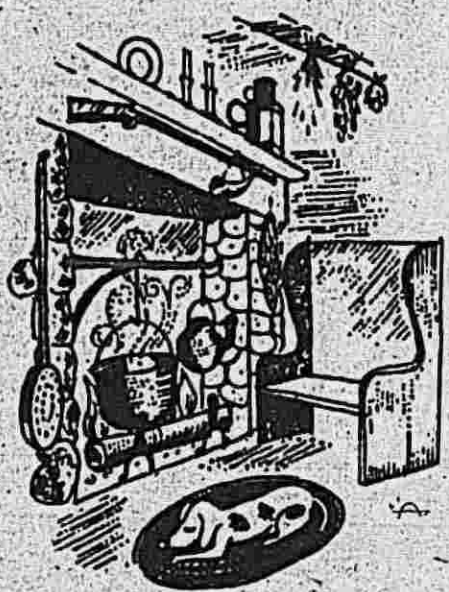

"No thanks ... that squirrel bit my hand last year. He's convinced me - what's under the roof is mine, what's on top is his."

"What's wrong, doesn't that window fit?"

"No, it doesn't seem to fit. But it should - this is the northwest side of the house and you've marked the window with crayon right here on the side. It says, 'N.W.'"

"Oh, said the wife. "That means, Needs Washing."

Songwriting Contest

Even somebody who has never published a song before can now get on the record! That's because 10 talented songwriters may find their lyrics and music on a new disc featuring compositions about that popular pastime, Citizens Band Radio.

They will be among the 50 winners of a unique songwriting competition open to any U.S. or Canadian resident. There is no entry fee and entrants do not have to be professional musicians or songwriters. Each entry in any style whatsoever will be judged on the basis of originality, musical quality, and lyric content. Entrants may perform their own song or have it performed for them as long as it is an original creation.

The \$100,000 in cash prizes is being offered by Radio Shack, a company known for its high quality Realistic® line of home music system components, including receivers, turntables, speakers and tape equipment. The company has been a leader in CB two-way radio equipment since 1960. Entry forms and contest rules are available from Radio Shack stores and dealers.

ANTIOCH HIGH'S FRESHMAN football team works out under the watchful eyes of coaches, who get a birdseye view from a wooden tower. The freshmen's head coach is Don Zeman, who is

assisted by Tom Schweiss and Steve Scott. Two freshman games will be played in Antioch Saturday, with the "A" and "B" squads going against Dundee, starting at 4:30 p.m.

Vikings Open Grid Season

The young Antioch Vikings begin their 1976 football season Sunday at 12:45 p.m. when they take on Holy Cross at the Deerfield High School practice field.

The lightweight game will be followed by the heavyweight game at approximately 2 p.m. Arrangements for a feather-weight game are still being discussed.

All Viking home games are played at the Antioch High School field. Deerfield plays here Sept. 19.

The Vikings will be leaving for their game Sunday, Sept. 12, from the Antioch High School parking lot. Maps for volunteer drivers will be available at that time.

By 1700, wild turkeys were becoming scarce in America.

So you think the Wildcats are the doormats of the Big Ten!

Take a look at these team facts.

Only one team other than Michigan or Ohio State has finished as high as second in the Big Ten since 1970. Northwestern!

The Wildcats have finished in the first division of the Big Ten three of the last six seasons.

NU ranks third in the total number of all-Big Ten selections since 1970.

Northwestern is the last team to defeat Ohio State in Columbus.

In five of the last six years, the leading pass receiver in the Big Ten has been from Northwestern. In 1975 it was Scott Yelvington, who was also ranked 13th in the country.

Returning tailback and All-American candidate Greg Boykin is the Wildcats' all-time leading rusher.

Get a load of the home schedule.

Notre Dame*... Last time on Wildcat schedule for at least 10 years... led by All-Americans Ken McAfee and Ross Browner.

Arizona*... Lightning fast team speed... explosive offensively... 5th in nation in total offense.

Michigan*... 10th in country in total offense and 11th in total defense... led Big Ten in 5 different team categories.

*Nationally ranked in pre-season polls.

Wisconsin... Cats will be hungry to avenge last year's heartbreaking 17-14 defeat.

Minnesota... led by quarterback Tony Dungy... he led conference in total offense and ranked 15th in the country in passing.

Michigan State... new head coach Darryl Rogers promises a more open offense, particularly a bolder passing concept.

Coach Pont estimates that nine Wildcats are among the best at their positions in the Big Ten. Yelvington and Boykin join All-American candidate at defensive back Pete Shaw, quarterback and Olympian Randy Dean, four-year starting middle guard Paul Maly, and a whole field of feisty Wildcats to take on one of the toughest and best home schedules ever.

Order your season tickets now!

Be the
FIRST
on your
block.

Or the first in your town.
Or even your state.

That's the way it was back in 1862 when the government gave out new land for free. If you'd live on it.

They called it the Homestead Act. And you know who made it possible?

Americans taking stock in their new country through the public sale of government securities for money to purchase frontier territories.

That was how those Americans took stock in America; and today, you can take stock in America by buying U.S. Savings Bonds.

Because whether you buy Bonds through the Payroll Savings Plan or where you save, you're not only helping your country, you're helping yourself, too.

So buy U.S. Savings Bonds.

You may not be the first on your block, but you'll be number one at home.

Now E Bonds pay 6% interest when held to maturity of 5 years (4 1/4% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take
stock
in America.

200 years at the same location.

Republicans Plan Annual Golf Outing

The annual golf outing and campaign dinner of the Antioch Township Republican Club will be held on Wednesday, Sept. 15, at Antioch Country Club.

"We need your support in order that our club may be of assistance to our candidates at all levels," said Frank Benes, president.

Guest speaker will be George W. Lindbergh, candidate for state comptroller.

Michael Cudahy, president of the Lake County Republican Federation, will make the

coveted ELLaphant Award to a prominent Lake County Republican.

"Come early and enjoy a full day of golf, tennis, swimming, or just relaxation and companionship," Benes said.

Dinner and golf will be \$20. Dinner, alone, will be \$12.50. Persons can send their checks to ElRoy Anderson, 49 Second Ave., Rt. 5, Antioch, IL 60002, or Frank Benes, Rt. 5, Box 364, Antioch.

Benes recommended to call in advance if a golf cart is to be reserved.

Tickets also are available from precinct committeemen:

Hugo Holbek, 395-0301; James Olson, 295-1228; W.J. Murphy, 587-7160; Frank Benes, 395-1444; Gary Richter, 395-3426, and ElRoy Anderson, 395-1646.

Though the phrase "the Real McCoy" probably originated in Scotland, at one time it applied to an outstanding American boxer whose name happened to be McCoy.

Some people believe that the best way you can get good luck out of a four-leaf clover is to wear it in your shoes.

PUBLIC NOTICE

Notice of Proposed Change
in Gas Schedule

NORTHERN ILLINOIS GAS COMPANY hereby gives notice to the public that it has filed with the Illinois Commerce Commission on August 30, 1976, revisions in rate schedules to recover a portion of the revenue taxes now payable on adjustments for cost of purchased gas and not otherwise recoverable. This change will have no immediate effect on the adjustment for cost of purchased gas. Further information with respect thereto may be obtained either directly from the Company or by addressing the Secretary of the Illinois Commerce Commission, Springfield, Illinois 62706.

A copy of the proposed change in the schedule may be inspected by any interested party at any business office of the Company.

OBITUARIES

Colette Quinn Passes Away

Miss Colette H. Quinn, 66, of Trevor, Road, Antioch, passed away Sunday at the Northshore Geriatric Center in North Chicago.

She was born on March 11, 1910, in Chicago. She was a member of St. Peter's Church in Antioch and has been employed as parish housekeeper for St. Gilbert's Church in Grayslake for several years.

Survivors are three sisters: Mrs. Elizabeth (Michael) Conley of Chicago; Mrs. Monica Heffernan of Chicago and Mrs. Ursula (Thomas) Haley of Antioch.

A funeral Mass will be held at 10 a.m. Wednesday at St. Peter's Church in Antioch. Interment at Mount Carmel Cemetery in Antioch. Friends may call at the Strang Funeral Home after 3 p.m. Tuesday. Memorials may be given to the Antioch Rescue Squad in memory of Miss Quinn.

Betty Davis, Channel Lake, Passes Away

Mrs. Betty A. Davis, 51, of Channel Lake, near Antioch, died last Thursday at Victory Memorial Hospital.

Mrs. Davis was born July 14, 1925 in Antioch and lived here all her life. She married Richard W. Davis on Oct. 26, 1946 in Antioch. She worked 1½ years for Charm Glo Products in Bristol, Wis.

Survivors are one son, Richard W. (Gayle) Davis, of Antioch; one daughter, Mrs. Susan Joy (Billy) McCafferty, of Antioch; her mother, Mrs. Alvina Willett, of Antioch; 4 brothers, Raymond (Jean) Willett of Unittilla, Florida, Bernard (Betty) Willett of Antioch, Bobbie (Jeanne) Willett of Antioch, Dennis (Lois) Willett of Antioch; 3 sisters, Mrs. Beatrice (John) Rocks, of Chicago, Mrs. Edith (William) Corey of Antioch; Mrs. Patricia Alhstrand, of Gurnee, and 4 grandchildren.

She was preceded in death by her husband, Richard W. Davis, on Dec. 23, 1973; and one brother Billy Willett.

Funeral services were held Tuesday at Strang Funeral Home, Antioch, with the Rev. Darwin Heuser of the Calvary Temple in Waukegan officiating. Interment was at the Hillside Cemetery in Antioch.

Memorials may be made to the American Cancer Fund in memory of Mrs. Betty A. Davis.

Warren Johnson, Camp Lake, Dies

Mr. Warren B. Johnson, 66, of Center Lake Woods, Camp Lake, Wis., passed away last Thursday at Kenosha Memorial Hospital suddenly from a heart attack.

He was born Apr. 22, 1910 in Columbus, Ohio, and moved to Chicago in 1920. He has resided in Camp Lake for the past 2½ years.

Survivors are his wife, Helen, one son, Warren, and one daughter, Mrs. Lounerne (Charles) Zorn (Wheeling, Ill.).

Funeral services were held Saturday at the Strang Funeral Home in Antioch.

Patricia Simpson Dies at Age 90

Mrs. Patricia P. Simpson, 90, of Mundelein, passed away Sunday after a several month illness.

She was born Feb. 8, 1886, in New Deer, Scotland, and came to the United States in 1906. Her husband had been employed by former Governor Frank Lowden at Oregon, Ill.

For 50 years, Mrs. Simpson was a member of Cedar Lake Camp of the Royal Neighbors in Lake Villa, and a member of the Millburn Chapter, Order of Eastern Star.

She married Arthur G. Simpson on May 19, 1906, in New Deer, Scotland, and he preceded her in death on Oct. 19, 1941.

A public graveside service will be held at 3:00 p.m. Wednesday at Hillside cemetery in Antioch. A memorial service for the public will be held at 6:30 p.m. Wednesday at "Kirk of the Lake Presbyterian Church" in Mundelein.

Hattie Hofkamp Dies at Hospital

Mrs. Hattie P. Hofkamp, 80, of 52 Second Ave., near Antioch, passed away on Monday at Victory Memorial Hospital.

She was born April 15, 1896 in Chicago and resided there until moving to Antioch in 1963.

She married Leonard Hofkamp on May 4, 1918 in Chicago and he passed away on June 18, 1969. She was also preceded in death by one son, Leonard Hofkamp, in 1945.

Survivors are three sons, Edward C. (Betty) Hofkamp (Antioch); Henry W. Hofkamp (Antioch) and Richard J. (Diane) Hofkamp of Chicago; two sisters, Mrs. Edna (Jay) Strong (Rodney, Mich.) and Mrs. Evelyn (Ray) Redding (Chicago).

Funeral services will be at 1:30 p.m. Thursday at Strang Funeral Home in Antioch. Rev. Stephen Williams of the Antioch United Methodist Church will officiate. Interment will be at Elmwood Cemetery in River Grove, Ill. Friends may call at Strang's after 3 p.m. Wednesday.

There is more iron in three large eggs than in three ounces of tuna.

Legal Notice

LEGAL CLAIM NOTICE
IN THE CIRCUIT COURT OF THE NINETEENTH JUDICIAL CIRCUIT LAKE COUNTY, ILLINOIS PROBATE DIVISION
ESTATE OF EDLITH A. JOHNSON, Deceased, FILE NO. 76P-483.

NOTICE IS GIVEN of the death of EDLITH A. JOHNSON of Antioch, Illinois. Letters of Office were issued on August 19, 1976, to MARY BRUSKI, Route 5, Box 260, Antioch, Illinois, Executor, whose attorneys are JACOBS & CLARK, 425 Lake Street, Antioch, Illinois.

Claims against the estate may be filed in the Probate office of the Clerk of said Court, 18 N. County Street, Waukegan, Illinois, 60085, within 6 months from the date of issuance of letters; any claim not so filed is barred as to the estate inventoried within that period. Also copies of claims must be mailed or delivered to the Executor and to the attorneys.

STEPHANIE SULTHIN
Clerk of the Circuit Court
Sept. 8, 1976

All Good Things

"Everybody is in favor of getting more and better jobs, higher real incomes, and a constantly rising standard of living for all. Unfortunately, all those good things are not to be found under a cabbage leaf, nor are they dropped down the chimney by the stork. They come from business making a sufficient rate of profit both to reinvest in plant and equipment and to attract external capital."

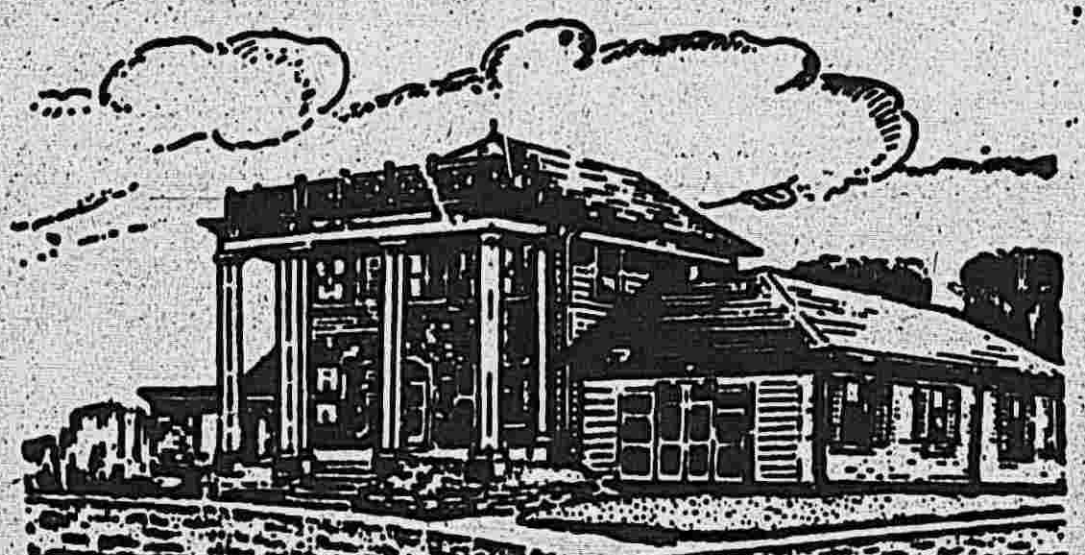

—Rogers C. B. Morton

Restorations

Your cherished memories don't have to stay tucked away in that attic trunk or in the old family album you pored over as a child. They can be made to glow again ... in an honored place in your home or as a gift to someone dear.
